
Triple Crown Sports Lodging Program

Triple Crown Sports (TCS) works with a wide variety of lodging partners in our tournament locations to secure excellent lodging rates for all participants and to ensure sufficient rooms for all attending teams. Through our lodging program, all out-of-town teams book their rooms through TCS Lodging Partners and receive specially discounted rates at a variety of hotels and condos. You can book your rooms online through the TCS website or by calling the hotel/condo direct from the phone number listed on the TCS website. **All teams that call the hotel direct must book within the TCS Block and submit team hotel/condo contract or rooming list with confirmation numbers prior to event to the TCS Lodging Department.** Any rooms booked using reward points at a Triple Crown host property or through a third party provider (i.e. expedia, hotel planner, priceline or a travel agency) will not count towards your minimum night requirement.

Local Teams

Teams within a 100-mile drive radius may request a WAIVER on the lodging policy.

Alternative Lodging Requests

If your team requests to stay outside the TCS Lodging Program (for example, to stay at an RV park, with nearby relatives, etc.) please contact the Event Director with your alternative lodging request. *Because the lodging program has already been discounted from tournament fees, teams that book alternative lodging can use the "Lodging Buyout" option (\$250 per team)*

Policies

To be bracketed in the [Las Vegas Fall Nationals](#), your team must fit into one of the following three categories:

- Stay with a Triple Crown Sports lodging partner inside of the group block (**minimum team requirement is 6 bedrooms/hotel rooms for 2 nights**). Teams must submit a complete team rooming list with confirmation numbers, arrival dates and departure dates prior to event; or
- Request and receive an exception to the Lodging Program where the team will incur a lodging surcharge of [\\$250](#); or
- [Register as a local team, based within a 100 mile driving radius of the event.](#)
